## General Comment

I am thankful that NSF is asking for input on the 2025 National AI R&D Strategic Plan.

I have been focused on studying how AI will impact Higher Ed across the tripartite mission of Public Higher Ed for the last several months. As you likely know there is not much published information on this topic at this time.

I would hope that NSF would consider putting in an objective on the impacts of AI on Higher Ed.

Thank you,  
Darrell W. Donahue, PhD, CQE
